# WHAT YOU'VE BEEN DOING THIS SUMMER

With the 22/23 academic year coming to end, it is great to see members of Team UWE still competing and keeping up with activities over the summer break!

## MOTORSPORTS

Members of the Motorsports committee have been busy over the summer, with some impressive results over multiple championships!

Will Cutler has been racing a Porsche Boxter S in the All Porsche Racing series, with multiple races taking place each weekend!

Matteo Palmer has been competing in the owner kart Superone Series, in the Senior Rotaz and Rok categories respectively.

Joe Smith has been marshalling at different tracks over the summer, most notably the British Touring Car Championship and British GT (disclaimer - he is not the one in the car)!

## GLIDING

Matt Waite has been competing in the Junior Nationals Gliding competition, and finished the 3 day competition with a total of 1,077 points!

# SURF

some members of the surf club headed to South of France for a week of surfing! And even managed to recruit a new member... Richard Hammond!

## UPDATE FROM YOUR VP SPORTS & HEALTH

Hi Team UWE! I am happy to introduce myself as your new VP Sports and Health. My name is Krishna, you can also call me Krrish. I am dedicated to enhancing the student experience through Sports. I aim to foster inclusivity, organize engaging events, and promote physical as well as mental well-being. By collaborating with sports clubs, I will deliver an enriching environment that inspires students to thrive both on and off the field. I play Badminton as my main sport and will be applying to play for UWE Badminton club as well.

Good News! Varsity 2023 is happening! I have contacted the Sports Officer at USW, and will be working with him discussing potentially dates and logistics so that our student communities can have an impeccable experience!

The Month of July went by having lots of inductions with different departments and training sessions. I attended the BUCS Conference at Leeds University, which gave me the opportunity to network with fellow sports and activities representatives from across the UK. There were lots of inspiring keynote speakers and breakout sessions, which were interesting and very informative.

Currently, I am working on my manifesto and trying to map the pathway to get things done. Some of the points I have already started to work on are:

- Working with the CFS marketing team to create videos on how students can access the MOVE programme.
- I also want our athletes to be appreciated for their efforts and hard work. I have contacted Sharkies, to arrange shout-outs to our winning teams each week at the Wednesday sports night.

I am looking forward to a positive year, and am excited to meet and work with different clubs. I will always try my best to help!
