RIPPLES OF CHANGE
NAVIGATING TRANSFORMATION

THE STUDENTS' UNION
AT UWE

TEDxUWE SPEAKERS CALL OUT!

The theme for TEDxUWE 2024 is "Ripples of Change: Navigating Transformation."

This theme was chosen to highlight the profound impact that seemingly small actions and ideas can have on the world. "Ripples of Change" underscores the interconnectedness of ideas and actions, emphasizing that every individual has the power to create positive change. Like a pebble dropped into water, a single idea can create concentric circles that extend far beyond the point of origin.

The additional layer of "Navigating Transformation" recognizes that the journey of change is not always a straightforward path. It requires adaptation, resilience, and a willingness to navigate through uncharted waters.

We are seeking speakers who can share inspiring stories, ideas, and initiatives that embody these themes and showcase the transformative power within us all.

To throw your hat in the ring, just shoot me an email with a brief bio, your talk idea, and why it's a must for our stage.

Varsity

Varsity is Happening again! 😁

I have already contacted the USW SU Activities Officer and will be collaborating with him to make varsity happen.

Given that the Varsity competition that took place between both universities this year, as it was a remarkable display of sportsmanship and unity, and I firmly believe that such events contribute immensely to the sense of pride and camaraderie within our student bodies. Given its success, I am eager to discuss and work on the possibility of continuing the varsity event this year.

I believe that renewing this tradition would not only provide an exciting platform for our students to showcase their talents but also foster a healthy competitive spirit and strengthen the ties between our universities.

Trigger Warning!

Next few slides will be about the support UWE provides for Anti-Sexual Violence Advisor Service, the upcoming content may be distressing or triggering for some individuals. So, if you think this is something that might trigger you then please feel free to leave the room for few minutes, I will call you back once this agenda point is over.

If this is something that you want to talk about, please feel free to talk to me after the conference or book a meeting with MJ. Don't worry I will always try my best to support you.
